

## OHIO LICENSED SHOOTING PRESERVES

Ohio's 73 licensed shooting preserves are conveniently located near most metropolitan centers. Most preserve shooting is on a membership basis, but several areas are open to the public by appointment, giving hunters an opportunity to sample preserve shooting without joining a membership club. Within reach of every major Ohio city is a licensed shooting preserve where pay-as-you-go hunting is provided. Preserves provide sportsmen a chance to keep their dogs in condition and their shooting eye sharp. On a well managed preserve the shooting can approach that found in the wild.

An Ohio hunting license is required for all Ohio residents. Nonresident hunters do not need an Ohio hunting license.

Preserve managers indicate that the following game is available: (Q) quail, (P) pheasant, (C) chukar partridge, (T) turkey, (G) grouse and (D) duck. An asterisk (\*) indicates the preserve is not open to the public.
